AUC Woodruff Library

2015-2020 Strategic Plan

Building a 21st Century Learning Community: Extending our Impact on Academic Success

Approved by Board of Trustees, April 2015
In Fall Semester 2014, the AUC Robert W. Woodruff Library began the process to frame its strategic priorities for the next five years. The Board of Trustees (BOT) and Library leadership gathered in March 2015 to participate in a retreat to discuss environmental scan findings and the trends analysis results conducted by the Library’s Strategic Planning Steering Committee (SPSC). The BOT identified four priority areas, which were subsequently shared with Library staff during their May 2015 Staff Retreat. All activities from Fall 2014 through May 2015 provided the strategic framework for the Library’s Strategic Plan.
